

**The Sask Synod Mission in Ministry
Committee:
Funding Initiative for Youth Ministry**

The Mission in Ministry Committee is offering to partner with congregations to support youth initiatives.

The vision is to:

- Enable youth to attend faith-based experiences such as camp, workshops, gatherings.
- Assist all youth to have the opportunity to attend CLAY .
- Provide equal opportunities for all youth to be involved in an inspiring experience that they can bring back to their congregation.

Finances are often a deterrent for youth to participate in events. Fundraising helps but some families can't partake for a variety of reasons. Congregations are encouraged to work with their Council, Youth Committee and Youth to determine if applying for a grant would allow those requiring financial assistance to take part in an event they would otherwise be unable to attend.

Application forms are on the Synod website – www.sasksynod.ca – Resources – Resource Directory

- Limited funds are available so apply early.
- Application must be sponsored by the congregation and endorsed by the Chair and Pastor.
- A report submitted by the youth sharing the story of their experiences is requested upon completion of the event.
